ST A500B Automatic belt scale

The ST A500B levelling scale meets all requirements for levelling cardboard packaging simply, quickly and cost-effectively. It can be used in a variety of ways.

Whether it is used in the incoming goods department, in production, in the warehouse or in the outgoing goods department, it shines in every case with its optimum ease of operation. The individually and continuously adjustable reading angle of the backlit LCD display in combination with a digit height of 20 mm make all information easy to read.

HIGHLIGHTS

Variable
conveyor speed

Profit
maximisation

ROI within
3-12 months

Robust industrial proven
design

Operable from both sides,
rotatable display

User
friendly

Different operating modes
(throughput without
weighing, weight registra-
tion, levelling)

Compact
design

Flexible
use

Integration into the
TopControl software for
recording and evaluating
the data

TECHNICAL PROPERTIES

Throughput:	max. 24 Pack/min. (depends on the weight and the infeeding speed)
Weight range/division	30kg/10g - 15kg/5g
Dimensions of weighing conveyor (LxW)	800 x 500 mm
Operating mode	static
Interfaces	Ethernet 10 base T, TcP/iP, RS 232, RS 422
Protection	IP54
Height adjustment	640 mm - 740 mm
Frame	stainless steel or powder coated

Automatic scale for individual weighing according to Directive 2004/22/Eg Annex Mi-006: with EC type-examination certificate (MiD)

Ejection system (*optional)

The ejector system for misweight packs (pusher) is available on request. Other variants can also be realised on request.
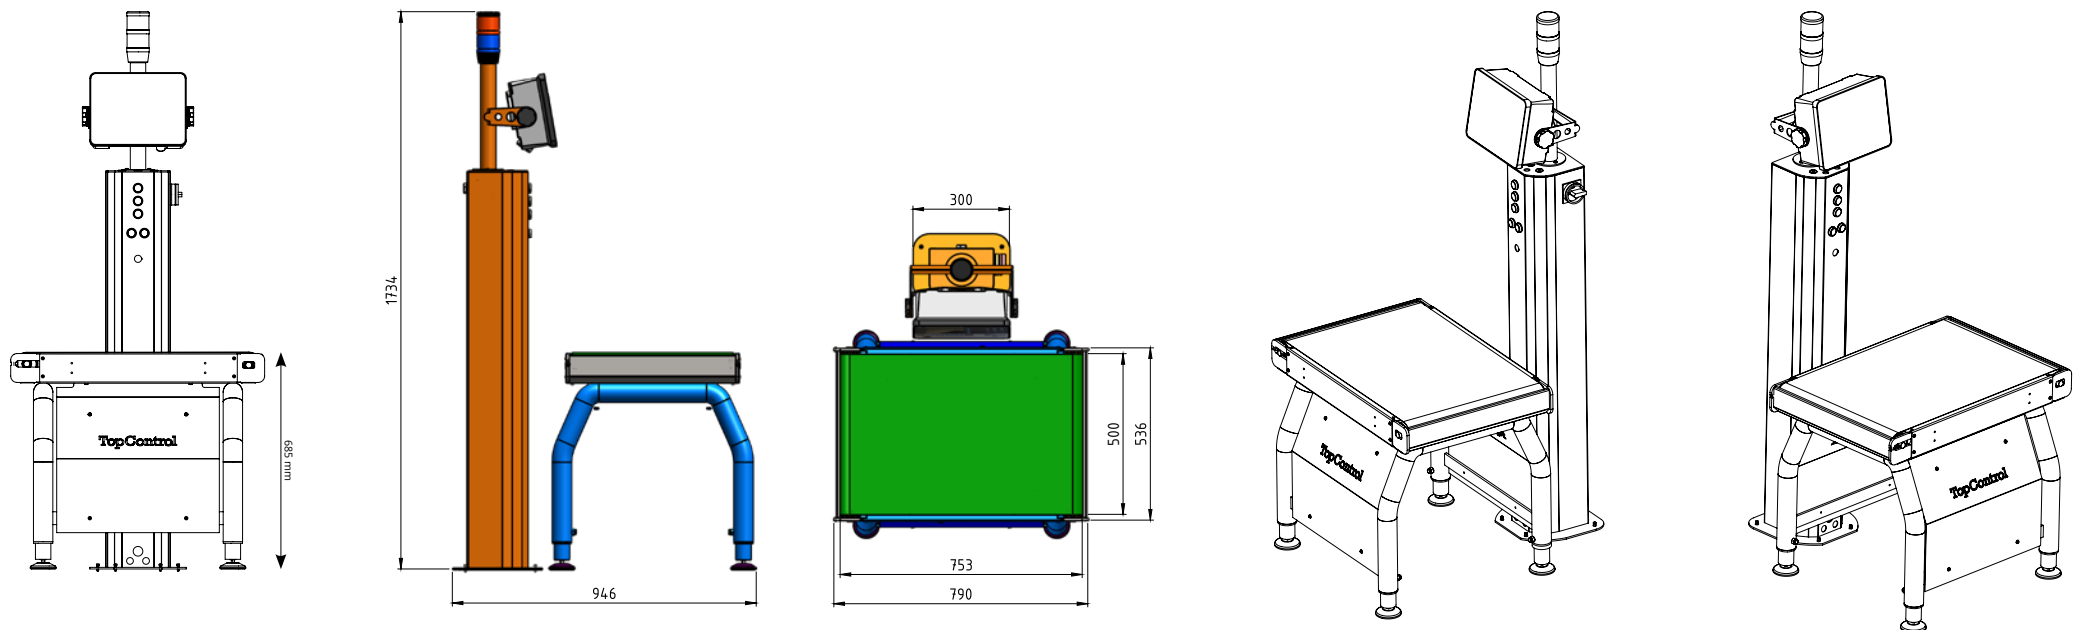

Height adjustment (*optional)

The additional height adjustment allows the checkweigher to be adapted to the line: 740mm to 1000mm - 1000mm to 1200mm
